

*College of Pharmacy
and Health Sciences*

Academic Fellowship

Description:

This 12-month academic fellowship at Sullivan University College of Pharmacy and Health Sciences (SU COPHS) will provide a multitude of learning opportunities to prepare the fellow for a career in academic pharmacy. The fellowship will include experiences in the areas of teaching, scholarship, and service to cultivate growth in these areas. A focus on the pedagogy of higher education will allow the fellow to learn effective teaching methods to develop health profession students into dynamic and thoughtful leaders.

Fellowship Objectives:

- Design, develop, and implement educational content in both the large and small group setting
- Develop skills to coordinate a course
- Document and share educational innovations through publications and presentations
- Hone clinical practice skills by maintaining a clinical practice site
- Cultivate effective precepting skills
- Develop and improve time management skills

Position Qualifications:

- Earned a Doctor of Pharmacy degree from an ACPE accredited college/school of pharmacy
- Eligible for pharmacist licensure in Kentucky
- Completion of PGY1 pharmacy residency (or equivalent experience)
- Completion of a Teaching Certificate/Teaching and Learning Curriculum (preferred)

To Apply:

Applications will be accepted on a rolling basis, with an early consideration deadline of 9/1. Please submit the following to Kim Elder:

- Cover letter
- Curriculum vitae
- Three (3) letters of reference (preferably from current residency program director, clinical preceptor, and a faculty member)
- Academic transcripts from pharmacy school
